

GENERAL FINANCE LIMITED
Quarterly report as at 31 March 2025

KEY RATIOS

Capital Ratio	31 March 2025
Our capital ratio calculated in accordance with the 2010 Regulations*	17.82%
Minimum capital ratio required by our Trust Deed if the issuer has a credit rating	8%
Minimum capital ratio that must be included in the trust deed under reg 8(2) of the 2010 Regulations* if the issuer has a credit rating	8%
<p>The capital ratio is a measure of the extent to which General Finance is able to absorb losses without becoming insolvent. The lower the capital ratio, the fewer financial assets General Finance has to absorb unexpected losses arising out of its business activities.</p>	

Related Party Exposures	31 March 2025
Our aggregate exposures to related parties as calculated in accordance with the 2010 Regulations*	5.90% of capital
Maximum limit on aggregate exposures to related parties that we must not exceed that is included in our Trust Deed	10% of capital
Maximum limit on aggregate exposures to related parties that we must not exceed that must be included in our Trust Deed under reg 23(3)(b) of the 2010 Regulations*	15% of capital
<p>Related party exposures are financial exposures that General Finance has to related parties. A related party is an entity that is related to General Finance through common control or some other connection that may give the party influence over General Finance (or General Finance over the related party).</p>	

* Deposit Takers (Credit Ratings, Capital Ratios, and Related Party Exposures) Regulations 2010

Liquidity	31 March 2025
Our liquidity calculated in accordance with the quantitative liquidity requirements included in our Trust Deed	5.82 times
The minimum liquidity requirements required by our Trust Deed	A liquidity cover ratio of 1.25 times
<p>Liquidity requirements help to ensure that General Finance has sufficient realisable assets on hand to pay its debts as they become due in the ordinary course of business. Failure to comply with liquidity requirements may mean that General Finance is unable to repay investors on time and may indicate other financial problems in its business.</p>
